

# THE GREAT YETI YET-TOGETHER

Can you help Yet and his friends **ROAR** as loudly as they can at the Yet-Together?

Most yetis are a little shy and quiet to start with, but if you help them to keep trying they'll soon roar so loudly they'll frighten all the grown-ups in your house!

Print out the Yet-Together stage and cut out our yeti competitors to put on your own ROARING COMPETITION. Glue the yetis onto lolly sticks to make them into paper puppets or use Sellotape to stick them onto a pencil.
