

LISTENING TRUMPET

Use the feedback of people you trust to help navigate you towards your goals through their experience.

Sometimes it's really difficult to open yourself up to other people's advice or opinions, but it can offer you huge gains.

GROWTH MINDSET POWER-UP

- Seeking feedback and taking onboard what other people have to say is sometimes difficult to do, but it can save you a lot of time and energy ...
- Why take the time making a mistake if someone has already already gone through it can help you avoid it?
- Why not take a leap forward by taking solid advice from someone who has had the opportunity to gain knowledge and can help you build your skills or solve a problem?
