

RE-TELL ROLE PLAY 1

Re-tell the story of the yetis learning to hide outdoors and join in with their hiding practise adventure.

- Let's pretend that we're little yetis learning how to hide, and I can be Mrs Cave-wick from the story. Do you think you would make good yetis?

ACTION PROMPT

We need to practise being yetis ... can you **ROAR** and **make yeti hands**?

- Are you ready little yetis? Lets head off towards our first hiding practise at the squelchy bog.

ACTION PROMPT

Make sure to look out for 'people' on the way ... lets **tip-toe** and **creep** through the forest so we're not seen.

ACTION PROMPT

Look at this squelchy sticky mud ... it's really thick and gooey. Can you make your paws **squelch** in the mud like this?

ACTION PROMPT

Are you ready to **pretend to hide** behind the reeds in the swamp little yetis? I'll cover my eyes and we'll **count to 10**.

RE-TELL ROLE PLAY 2

- Excellent first try yetis, you managed to hide most of your furry bodies behind the reeds ... but look how muddy you are!

ACTION PROMPT

We'd better **shake off** some of that gooeey mud before we go.

ACTION PROMPT

Let's **tip-toe** and **creep** through the forest to the grassy clearing.

ACTION PROMPT

Look at all this long grass little yetis! We're going to have to **swish** to get through it. Can you swish through the grass like this?

ACTION PROMPT

Are you ready to **crouch down and hide** in the grass like the yetis? I'll cover my eyes and we'll count to 10.

- Well done little yetis, you really tried hard, I could only see your furry bottoms sticking up this time.

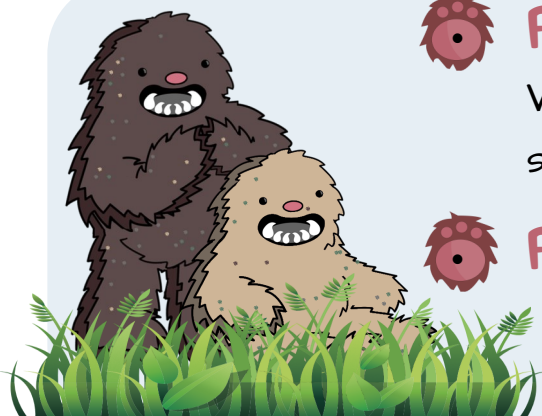

ACTION PROMPT

We'd better **brush off** some of those grass seeds that are stuck in your fur before we go..

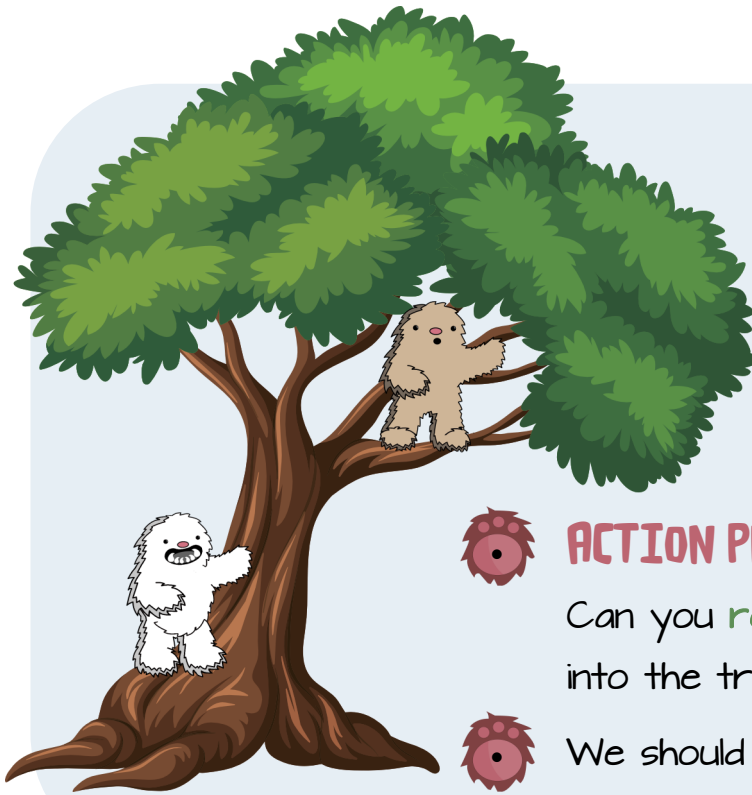

ACTION PROMPT

Let's **tip-toe** and **creep** through the forest to the yeti hiding tree.

RE-TELL ROLE PLAY 3

- Look at this huge climbing tree little yetis. You're going to have to reach high up into the branches to pull yourself up.

ACTION PROMPT

Can you **reach up high and pull** yourself up into the tree and climb up to the top?

We should practise **balancing** on the branches too, we don't want you to fall!

- Well done little yetis, I can't see you at all!

ACTION PROMPT

Do you remember what the little yetis did when they were in the tree? They were so excited they let out a huge **ROAR**, will we do the same?

- Are you ready to head back to the Nursery?

ACTION PROMPT

Let's **climb down** the tree, **tiptoe and creep** through the forest, **swish** through the long grass and **squelch** in the boggy mud ...

Back safe and sound, well done little yetis!
